Here's what your teaching colleagues say about THE MAILBOX®:

"I have been using THE MAILBOX magazine for years and think it is the best resource we have. I also love the online extenders, especially the things that I can print out and use right away."

—Jean Ragland, Knoxville, TN

"When I need something that I know will work, I turn to THE MAILBOX. The directions are clear and teacher friendly. I know that they can be plugged right into my classroom."

—Julie Tate Hallman, Chelsea, AL

"All of the other teachers are jealous! They think that I am so inventive and creative! They have not figured out how fun and easy you make learning!"

—Julie Cato, Scurry, TX

"I LOVE THE MAILBOX magazine. It is my favorite teacher magazine. I recommend it to anyone as the best magazine available to teachers."

—Pam Worley, Roswell, NM

You're invited to
try America's #1
Teacher Idea
Magazine.

Join the thousands of teachers who rely on THE MAILBOX® magazine.

THE MAILBOX magazine has everything you need to energize your classroom and keep your students engaged.

Every issue is packed with new ideas, skill-based activities, forms, and grade-specific reproducibles to bring your lesson, to life. Each has been written by teachers just like you – who have tested their ideas in their own classrooms.

And, as your students progress during the year, the ideas and activities will match their growing skills and abilities. So every edition of THE MAILBOX corresponds with what you are teaching at that time.

A Preschool Edition that's not just 'old school'.

The Preschool edition of THE MAILBOX magazine is full of ideas that will immediately engage your little learners.

It features activities that encourage exploration and discovery, with the flexibility

to adapt to individual classroom needs. From circle time to arts and crafts to anytime, you'll find exactly what you need, issue after issue.

A Kindergarten-Grade 1 Edition that gives them a great start.

The Kindergarten-Grade 1 edition of THE MAILBOX magazine is focused on helping your class start school the right way and is designed to better serve your students' specific needs.

Thematic-based units introduce children to a variety of skills and concepts. Each activity is designed to be dynamic and to create enthusiasm for learning core skills in math, science, and literacy.

A Grades 2-3 Edition that focuses on critical learning skills.

THE MAILBOX Grades 2-3 edition provides a wide selection of proven ideas and activities for developing your students' critical learning skills. There are creative writing and reading activities to help improve literacy skills. Plus there are motivating, skill-based activities to engage students in all curriculum areas.

You'll also find practical and proven classroom management tips to keep your class focused on learning.

A Grades 4-5 Intermediate Edition that helps you take them even further.

Classroom work becomes more difficult as students enter Grades 4-5. So the Intermediate edition of THE MAILBOX magazine presents ideas that engage students without overwhelming them. Each issue offers fresh ideas on how to creatively teach the core curriculum to your students. And every activity is standards based.

Plus an exclusive online Web site that works for you 24-hours a day.

THE MAILBOX Companion® is our exclusive Web site that gives you BONUS ideas, forms, clip art, awards, and skill-building reproducibles to use in your classroom. We update the site regularly, so the ideas are always fresh and timely. And it's yours FREE as a paid subscriber.

Please don't take our word for it.

Get a FREE Trial Issue.

It's the best way to prove how THE MAILBOX magazine gives you fresh, creative ways to engage your students while developing core skills. Try it in your classroom with a FREE Trial Issue. You also get free 24-hour access to our exclusive Web site – www.themailboxcompanion.com.
